OUT OF THIS WORLD

Auction:

Beam me up Scotty this is a property you can let your imagination go wild with. So many options here, the spaceship, a second dwelling, large 3 car garaging and a brand new 30 year lease in place. This could be the perfect extended family holiday getaway, short term accommodation or permanent living right across the road from the beach. This is such a unique iconic property that has drawn so much attention over the years, there are only a handful of this crafts left now. The spaceship is original and just needs some TLC to bring it back to its former glory. If you are ready for take-off you will need to make an appointment or come along to our open homes.
